

IMPORTER IKAN HIAS NEGERI BELANDA DAN NEGARA-NEGARA UNI EROPA

NEGERI BELANDA semakin memantapkan posisinya sebagai Gerbang Pasar Eropa. Bongkar muat di pelabuhan Rotterdam termasuk salah satu yang tersibuk dan terbesar di dunia. Fasilitas pergudangan kawasan berikat pelabuhan ini dapat menjadi pusat stock dan distribusi bagi komoditi dan produk Indonesia dengan biaya yang kompetitif. Lebih dari itu, banyak fasilitas dan kemudahan bagi eksporter Indonesia untuk masuk ke pasar Eropa yang luas dengan daya beli yang tinggi. Eksporter dapat menjalin kerja sama yang sinergistik dengan perusahaan-perusahaan dagang Negeri Belanda yang dikenal memiliki jaringan pasar yang kuat dan luas ke negara-negara Eropa lainnya, dan bahkan ke negara-negara di Afrika dan Amerika. Untuk membantu pengembangan ekspor negara-negara berkembang, negeri tulip ini memberikan bantuan institusional dengan mendirikan Centre for Promotion of Imports from Developing Countries yang dapat dikunjungi melalui internet pada situs www.cbi.nl.

UNI EROPA sebagai suatu pasar tunggal yang terdiri atas negara-negara Eropa Barat plus merupakan pasar yang paling potensial dalam perdagangan internasional. Dapat menjalin hubungan dagang dengan salah satu chain-store di sesuatu negara anggota Uni Eropa, berarti mempunyai peluang menerobos pasar Uni Eropa secara keseluruhan.

BERIKUT ini kami muat alamat-alamat importer di Negeri Belanda dan negara-negara uni Eropa lainnya dalam produk perikanan. Dan pada bagian akhir dicantumkan beberapa situs internet yang terkait. Untuk keterangan lebih lanjut dan informasi bisnis lainnya dari Kadin Indonesia, silakan menghubungi Direktur Layanan Dunia Usaha, Ir. Djuniardjo Abdulgani pada telepon 021-9163754, atau Kepala Seksi Humas Kadin Indonesia, John Mart Tony pada telepon 021-5274486. (HBT)

USEFUL INTERNET SITES**www.globefish.org/index2.htm**

GLOBEFISH is the unit in the FAO Fisheries Department responsible for information on international fish trade. GLOBEFISH is an integral part of the FISH INFOnetwork (INFOPECA, INFOFISH, INFOPECHE, INFOSAMAK, EASTFISH and INFOYU) and performs a co-ordinating role in the Network activities. The core of GLOBEFISH is the GLOBEFISH Databank. GLOBEFISH produces a number of publications including fish price reports (European Fish Price Report), market studies (GLOBEFISH Research Programme) and trend analysis (GLOBEFISH Highlights). GLOBEFISH is jointly financed by FAO and GLOBEFISH Partners. (Language: English)

www.fao.org/fi/default.asp

This Internet site of FAO provides information on fishery matters such as highlights, fact file, recent news, management and environment. It is also linked to the FAO Fisheries Global Information System (Figis), which is a global network of integrated information on aquatic resources and their exploitation. Figis will allow you to retrieve, collate and analyse the broad range of fisheries thematic data available world-wide. (Language: English, French, Spanish)

europa.eu.int/comm/fisheries/policy_en.htm

This site focuses on a current issue regarding the Common Fishery Policy (CFP) which is generating particular interest or debate. It contains answers to topical questions on those issues as well as the EU contribution to the debate. Information notes and fact sheets are also included to help the reader find information concerning specific areas of the CFP. (Language: Spanish, Danish, German, Dutch, English, Italian, Finnish, Swedish)

www.atuna.com

@tuna is a gateway to the global tuna business, offering an online tuna trading floor, providing information and news on the global tuna market, EU import regulations, etc. Also providing links to fish information for several kinds of categories. (Language: English)

www.ifoma.com

The Internet site of the International Fishmeal & Oil Manufacturers Association (IFOMA) provides information on the international market of fishmeal and oil. (Language: English)

www.fis.com

The Internet site of the Fish Information & Services (FIS) provides all kinds of information on the worldwide fish market, from recent fish market prices to searching for a fish related company world-wide and from country reports to fishing news and events. (Language: English, Spanish, Japanese)

www.pvis.nl/engels/home.html

This Internet site of the Dutch Fish Product Board provides information on the fish sector in The Netherlands. (Language: English, Dutch)

www.feap.org/

The FEAP is currently composed of 26 National Aquaculture Producer Associations of 22 European countries who represent nearly 1 million tons of finfish production worth more than MEuros 3,250. Its main role is to provide a forum for the Member Associations to be able to establish common policies on questions relating to the production and the commercialisation of aquaculture species that are reared in Europe. Such decisions or Resolutions are communicated to the appropriate authorities, European or National. (Language: English)
